we should... if it's the radio guy I think it is, you just have to be on the lookout for "Gotcha!" questions... I can be on it with you Dave, did Kristin mention which show, which guy?

Subject: NB talk radio and CAD cells

All - Kristin Decas just called to say that CAD cells are getting a lot of calls on the local talk radio, with God knows what being said about them. She recommended she and I getting a time slot to make our case and make sure the right facts are out there.

Any comments or concerns about doing this? I need to get back to her with a time slot (possibly 7/30 am).
